

## A REFERENCE LIST OF KEY PUBLICATIONS IN LABOUR MARKET RESEARCH

The list below contains full references (including web-links if they are available) to key publications and published literature reviews in the area of labour market and employment research.

It is organised around the main policy themes of the European Employment Strategy, and includes over 100 references and links to literature from European and international sources.

The list has been prepared in 2009/2010 and is maintained by the EEO Core Team.

Date updated: 23 August 2010
